To Whom it May Concern:

I wanted to take a moment to recommend Jamie Scarborough and his team on assisting Lambda Solutions with the recruitment of an Account Executive that was completed in an extremely timely and professional manner with very little disruption to our business.

The main engagement of the Sales Talent Agency was to analyze our company's sales needs and to pre-screen the best candidates while guiding our team through the process of interviews and hiring.

Because of the great flexibility, dedication, reliability, and professionalism of Jamie and his team, his company was our first choice for our recruitment needs.

We are very pleased with the candidate we found for the position and are confident that we will use Sales Talent Agency again for our future recruiting needs.

Sincerely,

  
CEO  
Lambda Solutions Inc.
