To Whom It May Concern

I have personally worked with Jamie and Sales Talent Agency for the past 18 months or so whilst here at Kijiji (eBay, Inc.).

Jamie was initially our Account Manager and helped secure a large part of our overall salesforce by working very closely and diligently with us. This included sourcing both inside and outside sales professionals across the country, and with significant success.

She hasn't taken her foot off the gas even after moving up to Account Director and the level of service and commitment we get from Jamie is refreshing to see. Finding strong reps in a timely manner by some excellent screening and profiling has helped keep the whole hiring process very efficient.

We have gone from a fresh start-up type operation to a rapidly maturing and profitable sales department in a short space of time and I can confidently say Jamie and her team have played an integral role in making that happen.

I would highly recommend Jamie to anyone that takes their business and hiring needs seriously.

Sincerely,
