To Whom It May Concern:

PACE Consulting engaged Sales Talent Agency to help staff Benefit Sales Consultants for our growing team. At our meeting, they asked questions to properly understand what the right profile would be for our business and provided insight on the best compensation plan to attract these candidates.

We were provided with high quality candidates in a very short period of time and excellent customer service. We felt we were made a priority and were successful in hiring 3 sales reps through Sales Talent Agency.

We found Sales Talent Agency stood out as a recruitment firm – they truly operated as an external recruitment partner of PACE Consulting and were committed to helping us find top talent.

I would highly recommend Kristin Condon and Sales Talent Agency to any organization looking to hire sales staff at any level.

Sincerely,

Kristin Condon
