Letter of Reference – Sales Talent Agency Inc.

My overall very favourable assessment of Sales Talent Agency Inc. is rooted in the enthusiastic professionalism exhibited by one of their associates Kristin Condon.

I had worked with Kristin in the past and based on this very positive previous experience reached out to Sales Talent Agency for assistance on a number of focused searches.

Both Kristin and Sales Talent Agency responded quickly to our needs and presented quality candidates for consideration. We were able to hire efficiently and effectively.

Great customer service with regular communication details on search selection and candidate identification supported the favourable recruitment experience.

In an industry where recruitment offerings and experiences are often generic and sometimes disappointing my experience with Sales Talent Agency was a treat.
