

October 31, 2016

I have worked with Sales Talent Agency as a candidate and more recently as an employer. In both circumstances STA has been amazing to work with and a great asset to my career and our company.

Natalie & Peymaneh had two full days of applicants ready for interviews within days of reaching out to them. I was very impressed in the quality of the applicants and how closely everyone matched the criteria provided to STA by us. I am more than satisfied with our decision to use STA during our hiring process.

I have and will continue to recommend Sales Talent Agency to any employer with recruiting needs and to anyone exploring their career options. We will continue to use them.
