To whom it may concern,

TRELLEBORG SEALING SOLUTIONS engaged Sales Talent Agency to help find a Technical Sales Engineer for our Vancouver division. At our initial meeting, Peymaneh and Jamie asked insightful questions in order to compile a comprehensive profile of the candidate we were looking for. They spent the time to learn more about our business in order to better position the opportunity with their network of talent.

Throughout the process, Sales Talent Agency provided valuable insight into the current market conditions and compensation plans needed to attract the best possible candidate pool. Upon our first interviews, I found Sales Talent Agency to be organized, efficient and truly unlike any agency we had worked with previously. The short list of candidates had relevancy, experience and were highly interested in the opportunity with our company. Our Account manager, Peymaneh was persistent, hard working and transparent from beginning to end. Through our relationship with Sales Talent Agency, we were able to hire the right employee for the position.

I will utilize Sales Talent Agency services in the future. We have developed an excellent working relationship and I would highly recommend Peymaneh and the entire team at Sales Talent Agency to any organization looking to build a "revenue generating" sales team.

Regards,
