RE: Reference Letter

To Whom It May Concern:

I am writing this letter to commend the support and effectiveness of our recent experience working with Sales Talent Agency, specifically with Laura Hopkins.

At BioConnect, who we are hire is everything to us. We pride ourselves on our amazing company Culture and only want to bring on the best people who embody what we stand for through our Core Values as well as having a 'putting the customer first' mentality.

Within the last four months, we have successfully hired three wonderful and highly talented Sales Professionals that Sales Talent Agency recruited for us. Through these efforts, Laura has been an absolute joy to work with. It truly feels like a partnership. She fully understands BioConnects Culture, company direction and our future growth needs. Laura is incredibly efficient, turning candidates over to us in a matter of days and always reliable, available to speak at any point throughout the day and even into the early evenings when offers are being negotiated and finalized.

I look forward to continuing our relationship with Sales Talent Agency as we grow and expand our sales teams for years to come! Thank you Laura for all of your great work and commitment to BioConnects hiring needs.

Sincerely,

BioConnect Inc.
